Alex Scarrow used to be a rock guitarist, then he became a graphic artist, then he decided to be a computer games designer. Finally, he grew up and became an author.

He has written a number of successful thrillers and several screenplays, but it is Young Adult fiction that has allowed him to really have fun with many of the cool ideas and concepts he was playing around with when designing games.

It happened within a week . . .

Leon and his younger sister, Grace, have recently moved to London from New York and are struggling to settle into their new school, when rumours of an unidentified virus in Africa begin to fill the news. Within a week the virus hits London. The siblings witness people turning to liquid before their eyes, and they run for their lives. A month after touching Earth's atmosphere, the virus has assimilated the world's biomass.

But the virus isn't their only enemy, and survival is just the first step.

Plague Land is the explosive first novel in the Remade trilogy from the bestselling and award-winning author of TimeRiders, Alex Scarrow. Continue the horror-thriller series with Plague Nation and Plague World.

Survival was just the start of it . . .

Eighteen months have passed since the events of Plague Land. Leon and Freya have seen no sign of the virus, clinging on to the hope that two hard winters just may have killed it off. When news of a rescue ship arriving off the coast comes in, the pair are on the move once again.

But all is not as safe as it seems. The virus has been busy, it has learned and evolved. And now, it is reborn.

Plague Nation is the explosive second book in the Remade trilogy, by the bestselling author of the TimeRiders series, Alex Scarrow. Continue the horror-thriller series with Plague World.

It has a plan . . .

Leon is stuck in England. Grace is on her way to New Zealand and Freya to the 'New United States' in Cuba. The virus has assimilated all of humanity except for these three communities and now it is prepared to talk with them.

How they each choose to respond to the virus, will ultimately decide their fate in Plague World, the apocalyptic finale to the Remade trilogy from bestselling author of the TimeRiders series, Alex Scarrow.
